

Multiple Intelligence Checklist

Instructions: Here are some statements. Think about your skills/abilities/talents from your perspective alone (not from others' perspectives) and answer how much true they are using the number options given below in the answer sheet. Please do NOT give socially desirable answer. There is no right or wrong answer. This test is not to judge you but to help you understand yourself. So please be honest and open. Do not think too much! Whatever comes to your mind first is generally the honest answer. Do not write anything on this paper. If you do not understand the meaning of any item, please complete all the known ones and finally ask whatever you do not know. It will be answered by the facilitator.
